

“Barney’s first choice is the buxom Elaine Navazio, who we quickly discover is no stranger to afternoon delights. **Irene Karas Loeper** sets the bar high as she channels a sort of Peggy Bundy with beehive hair and tight pencil skirt. Between coughing fits, Elaine has difficulty understanding why Barney doesn’t just rip off her clothes and have his way with her on his mother’s sofa. Under the deft direction of Ian Farthing, **Karas Loeper** milks Simon’s comedy mine with skill.”
